EXPERIENCE

ATTIX APAC - Singapore	**Jul 2024 - Jul 2025**

Transformative AI solutions for Algorithmic Trading, LLMs & Automotive

Product Manager
- Owned system-level roadmap across AI trading platforms, aligning product capabilities with technical feasibility
- Worked directly with engineers to define APIs, data flows, and delivery plans for AI-driven features
- Evaluated algorithm performance metrics (Sharpe, Sortino, drawdown) to assess production deployment readiness
- Partnered on LLM-backed system development, translating requirements into technical delivery milestones
- Defined model governance and monitoring framework to support reliability, transparency, and client trust
- Led development of QuantHare from concept to client-grade PoC, shaping functional and technical requirements

MICROGAMING ASIA - Singapore	**Mar 2020 - Apr 2024**

Asian division of the top iGaming & Casino content provider

Product Manager - Games & Content (May 2022 - Apr 2024)

 Project Executive (Mar 2020 - May 2021)

- Owned end-to-end delivery lifecycle - from requirements through launch, analysis, and iteration
- Doubled product creation speed, accelerating time-to-market across APAC slot portfolio
- Worked with engineers and vendors to deliver, support, and iterate on production game systems
- Optimised bet-setting & retention frameworks, driving +8% revenue growth & 20% higher uptake
- Presented at regional seminars/trade shows, showcasing products & analysing performance trends

3M - Singapore	**Mar 2020 - Mar 2021**

Junior Project Manager
- Implemented Jira workflows for clients (Dyson, Adidas, Parkway), improving project visibility
- Managed invoicing/timesheets for 40-person team across multi-country campaigns

PROJECTS

- Motorcycle Risk Prediction API – FastAPI ML Inference Service
  Designed and deployed a FastAPI-based ML inference API with input validation, versioned model loading, and cloud deployment
- MTG Portfolio Dashboard – Data Visualisation & Analytics
  Built an end-to-end portfolio analytics system with external data ingestion, processing, and historical performance analysis

CERTIFICATIONS

• AWS Certified Cloud Practitioner (CCP)	**Dec 2025**
• Certified ScrumMaster (CSM)	**Jul 2025**
